ACCOMODATIONS

Our Acuña Team Ministry HQ is located in a rural desert area, between villages, about 5 miles outside of Ciudad Acuña, Coahuila, Mexico on Highway 2 leading to Piedras Negras.

Our ministry in Acuña is based at Camp Getsemani, a church camp facility and grounds overseen by the local First Baptist Church.

Camp Getsemani was God's Providence for our ministry work in Acuña and has been a tremendous blessing for us since we first discovered in our initial recon trip of Acuña in 2004.

The gated and fenced complex at Camp Getsemani includes a dormitory building with heat/air and hot showers, a fully equipped commercial kitchen facility and dining area, a chapel, and a few newly installed children's play equipment items.

The leadership and staff of the Camp Getsemani ministry are eager to assist in our ministry endeavors and available to help with maintenance issues, drinking water, ice, etc.

Camp Getsemani can comfortably facilitate 120 people in the dorms with room to squeeze in few more if necessary. The dorm building is divided in half for a girls side and a guys side. Each side is divided into 2 connected sections with bunk beds including mattresses for 30.
